None

A. Managing Director

Mr. Gnadt reviewed February's statistics. The decrease in ridership was mostly attributable to recent MCORE reroutes. All District employees are being trained in Environmental and Quality Management Systems' goals and purposes. Ms. Bauer noted the significant decrease in annual passes since the purchase price was increased. She would like to revisit the price next year. The Maintenance Service revenue line item pertains to vehicle maintenance services provided to sister public agencies such as C-CARTS (rural transportation) and DRES (UI Disability Resources & Educational Services). Illinois Terminal revenue fluctuations were due to the variability of catered events booked for the 4th floor.

B. Board Committees

- 1) Administration No report
- 2) **Facilities** Dr. Faron and Ms. Bauer met with Mr. Gnadt to discuss the Illinois Terminal Expansion Project
- 3) Service Delivery No report

8. Action Items

A. <u>Ordinance No. 2018-1 Authorizing the Issuance of \$10,000,000 Capital Facilities Notes, Series 2018</u> and \$6,000,000 Line of Credit Notes, Taxable Series 2018 to Finance Capital Costs of MTD

Mr. Gnadt explained that these debt instruments are used to fund District capital projects. This mechanism allows the District to utilize state operating grant funds for these projects. The borrowing is usually paid off quickly when reimbursement is received from the state. The \$10M note is for capital projects while the \$6M line of credit note could be used for capital projects and/or operating needs. First Bank is the financing institution.

MOTION by Ms. Bauer to adopt Ordinance No. 2018-1 authorizing the issuance of \$10,000,000 Capital Facilities Notes, Series 2018 and \$6,000,000 Line of Credit Notes, Taxable Series 2018; seconded by Ms. Chaplan.

MTD MISSION Leading the way to greater mobility

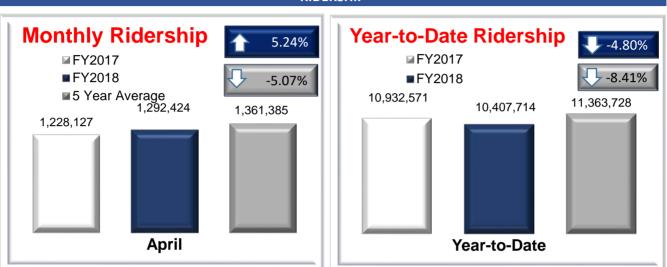

MTD VISION

MTD goes beyond traditional boundaries to promote excellence in transportation.

MTD MANAGING DIRECTOR OPERATING NOTES

May, 2018

RIDERSHIP

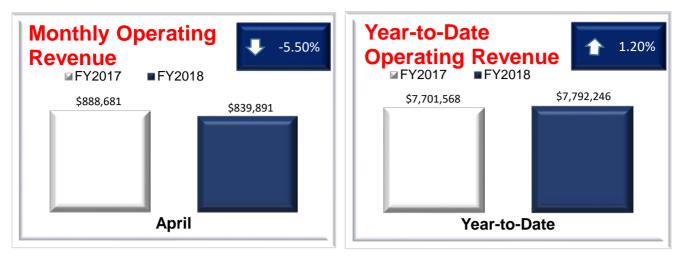

April ridership is up 5.2% from last year.

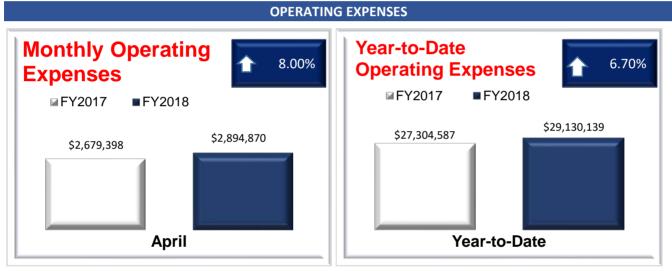

The Route Performance Report shows that MCORE is having an effect on ridership on campus. The White Street corridor has been worked on causing necessary reroutes. The Passengers Per Revenue Hour for the Yellow/YELLOWhopper and Teal routes are down while the unaffected Illini, GOLDhopper and Silver routes are up. The Green routes are also up slightly which had a reroute this year but not as significant as the one last year.

Generally, campus ridership is up both in the daytime and evening across all day types. Community ridership is up in the weekday evening, weekend days, and weekend evenings but down just slightly in the weekday evening timeframe.

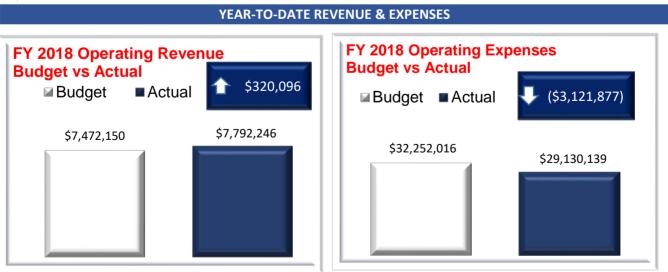

OPERATING REVENUE

April, 2018 operating revenue was \$839,891 or 5.5% below April, 2017 (\$888,681). Year-to-date operating revenue was \$7,792,246 or 1.2% above FY2017 (\$7,701,568).

April operating expenses were \$2,894,870 or 8.0% above April, 2017 (\$2,679,398). Year-to-date operating expenses were \$29,130,139 or 6.7% above FY2017 (\$27,304,587).

Year-to-date operating revenues are \$320,096 above budget while operating expenses are \$3,121,877 under budget.

* There will be a kickoff meeting held in June with CTE and the Fiedler Group on the engineering and architechtural work for the Hydrogen Fuel Cell (H₂) infrastructure.

* Unrelated to MCORE, another major reroute is scheduled for Pennsylvania Avenue between Fourth and the Urbana City Limits. The road is being rebuilt. The reroute for this project is to use Pennsylvania to Dorner to Gregory Street to Sixth Street and vice-versa for the Bronze, Raven, and Green Express. This reroute may last up to three months.

* The five member internal audit team is currently performing a complete audit of MTD2071, MTD's Quality and Environmental Management System. The internal audit is an in-depth examination of MTD's system to ensure that it meets the requirements of ISO 14001:2015 and ISO 9001:2015. The internal audit provides an opportunity to identify opportunities for improvement and make any needed corrections in advance of the third-party audit scheduled for later in a 2018.

* Due to our reviewer's disrupted travel, our Triennial Review has been postponed. Our site visit has been rescheduled for July 23rd & 24th. The Triennial Review is an "audit" of sorts from the Federal Transit Administration of the District's grant, financial, and operations administration. Each transit system in the U.S. undergoes a Review every three years.

* The reports that I am receiving from Springfield so far are indicating pretty optimistic news regarding a State budget. Many believe that a budget will be negotiated and passed by May 31, 2018. While that is good news, we are still hearing that the 10% reduction in funding the Downstate Public Transportation Fund will be carried over into this year. Last year, the Legislature made a commitment that the cuts were one time (FY2018), so we are disappointed that they are continuing to move in this direction. The 10% reduction will lead to the same problem that the State is faced with regarding pension progams. Robbing Peter to pay Paul is only a shortterm solution. And Peter is a much bigger problem than Paul ever was.

MAJOR EFFORTS

Development Efforts

Illinois Terminal Expansion – New work is being done to complete updated grant applications for the BUILD and 5339 Bus & Bus Facility grant programs. We are beginning discussions with the City regarding an Intergovernmental Agreement for the project.

Urbana Downtown Development – A meeting is pending with Farnsworth to review their preliminary findings.

Route Analysis

We have submitted our pre-bid request for concurrence and independent cost estimate to IDOT for approval. We are awaiting on concurrence from them.

Ridership Study

Movement on this effort will be stalled for an unknown period of time while Token Transit is performing its programming work.

Staff continues to work on:

- MCORE Construction began again in April.
- Planning for moderate route/schedule changes in the Fall.
- Preparation for bidding (RFP) for App to accommodate demand response service in SW Champaign.

HOLDINGS

This section reflects positions purchased/sold on a trade date basis. "Market Value" and "Unrealized Gain/(Loss)" may not reflect the value that could be obtained in the market. Fixed Income securities are sorted by maturity or pre-refunding date, and alphabetically within date. Estimated Annual Income a) is calculated on a pre-tax basis, b) does not include any reduction for applicable non-US withholding taxes, c) may include return of principal or capital gains which could overstate such estimates, and d) for securities that have a defined maturity date within the next 12 months, is reflected only through maturity date. Actual income or yield may be lower or higher than the estimates. Current yield reflects the income generated by an investment, and does not reflect changes in its price. Structured Investments, identified on the Position Description Details line as "Asset Class: Struct Inv," may appear in various statement product categories. When displayed, the accrued interest, annual income and current yield for those with a contingent income feature (e.g., Range Accrual Notes or Contingent Income Notes) are estimates and assume specified accrual conditions are met during the relevant period and payment in full of all contingent interest. For Floating Rate Securities, the accrued interest, annual income and current yield are estimates based on the current floating coupon rate and may not reflect historic rates within the accrual period.

CASH, BANK DEPOSIT PROGRAM AND MONEY MARKET FUNDS

Cash, Bank Deposit Program, and Money Market Funds are generally displayed on a settlement date basis. You have the right to instruct us to liquidate your bank deposit balance(s) or shares of any money market fund balance(s) at any time and have the proceeds of such liquidation remitted to you. Estimated Annual Income, Accrued Interest, and APY% will only be displayed for fully settled positions.

Board of Trustees and Managing Director Champaign-Urbana Mass Transit District 1101 East University Avenue Urbana, Illinois 61802

We are pleased to confirm our understanding of the services we are to provide the Champaign-Urbana Mass Transit District (the District) for the year ended June 30, 2018. We will audit the basic financial statements of the District as of and for the year ended June 30, 2018. Accounting standards generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement the District's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to District's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by U.S. generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

- 1. Management's Discussion and Analysis
- 2. Schedule of Changes in the Net Pension Liability and Related Ratios IMRF
- 3. Schedule of Employer Contributions IMRF
- 4. Notes to Required Supplementary Information

Management may choose not to present a Management's Discussion and Analysis. In that case, our auditor's report on the basic financial statements will disclose that fact but this will not impact our opinion.

CERTIFIED PUBLIC ACCOUNTANTS and CONSULTANTS

We have also been engaged to report on supplementary information other than RSI that accompanies Champaign-Urbana Mass Transit District's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America, and we will provide an opinion on it in relation to the financial statements as a whole, in a report combined with our auditor's report on the financial statements:

- 1. Schedules of Operating Expenses
- 2. Schedule of Revenues and Expenses under Downstate Operating Assistance Grant OP-18-01-IL
- 3. Schedule of Prior Audit Findings Downstate Operating Assistance Grant OP-18-01-IL
- 4. Schedule of Auditor Assurances Applicable to Downstate Operating Assistance Grant OP-18-01-IL
- 5. Section 5311 Annual Financial Report
- 6. Schedule of Revenues and Expenses under Downstate Operating Assistance Grant for C-CARTS
- 7. Schedule of Prior Audit Findings Downstate Operating Assistance Grant for C-CARTS
- Schedule of Auditor Assurances Applicable to Downstate Operating Assistance Grant for C-CARTS
- 9. Schedule of Expenditures of Federal Awards
- 10. Schedule of Findings and Questioned Costs
- 11. Summary Schedule of Prior Audit Findings

Audit Objectives

The objective of our audit is the expression of an opinion as to whether your financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to above when considered in relation to the financial statements as a whole. The objective also includes reporting on:

• Internal control over financial reporting and compliance with provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.

Internal control over compliance related to major programs and an opinion (or disclaimer of opinion) on compliance with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

The Government Auditing Standards report on internal control over financial reporting and on compliance and other matters will include a paragraph that states that (1) the purpose of the report is solely to describe the scope of testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the entity's internal control or on compliance, and (2) the report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. The Uniform Guidance report on internal control over compliance will include a paragraph that states that the purpose of the report on internal control over compliance is solely to describe the scope of testing of internal control over compliance is solely to describe the scope of testing of internal control over compliance is solely to describe the scope of testing of internal control over compliance is solely to describe the scope of testing of internal control over compliance is solely to describe the scope of testing of internal control over compliance. Both reports will state that the report is not suitable for any other purpose.

Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the Single Audit Act Amendments of 1996; and the provisions of the Uniform Guidance, and will include tests of accounting records, a determination of major program(s) in accordance with the Uniform Guidance, and other procedures we consider necessary to enable us to express such opinions. We will issue written reports upon completion of our Single Audit. Our reports will be addressed to Board of Trustees of the District. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue reports, or we may withdraw from this engagement.

Audit Procedures – General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements or noncompliance may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and

Government Auditing Standards. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or on major programs. We will include such matters in the reports required for a Single Audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about your responsibilities for the financial statements; schedule of expenditures of federal awards; federal award programs; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by generally accepted auditing standards.

Audit Procedures – Internal Control

Our audit will include obtaining an understanding of the government and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

As required by the Uniform Guidance, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and the Uniform Guidance.

Audit Procedures – Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of District's compliance with provisions of applicable laws, regulations, contracts, and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with federal statutes, regulations, and the terms and conditions of federal awards applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the OMB *Compliance Supplement* for the types of compliance requirements that could have a direct and material effect on each of District's major programs. The purpose of these procedures will be to express an opinion on District's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

Other Services

We will also assist in preparing the financial statements, schedule of expenditures of federal awards, and related notes of District in conformity with U.S. generally accepted accounting principles and the Uniform Guidance based on information provided by you. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statements, schedule of expenditures of federal awards, and related notes services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

We will also compile the District's Annual Financial Report (AFR) for the State of Illinois for the year ended June 30, 2018; and provide consultation on the application of accounting principles generally accepted in the United States of America, and various business planning and consulting.

Management Responsibilities

Management is responsible for (1) designing, implementing, and maintaining effective internal controls, including internal controls over federal awards, and for evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met; (2) following laws and regulations; (3) ensuring that there is reasonable assurance that government programs are administered in compliance with compliance requirements; and (4) ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles; for the preparation and fair presentation of the financial statements, schedule of expenditures of federal awards, and all accompanying information in conformity with U.S. generally accepted accounting principles; and for compliance with applicable laws and regulations (including federal statutes) and the provisions of contracts and grant agreements (including award agreements). Your responsibilities also include identifying significant contractor relationships in which the contractor has responsibility for program compliance and for the accuracy and completeness of that information.

Management is also responsible for making all financial records and related information available to us and for the accuracy and completeness of that information. You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, (2) access to personnel, accounts, books, records, supporting documentation, and other information as needed to perform an audit under the Uniform Guidance, (3) additional information that we may request for the purpose of the audit, and (4) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence. Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements as a whole. As part of our engagement, we may advise you about appropriate accounting principles and their application; however, management acknowledges and understands that the final responsibility for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America remains with you.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws, regulations, contracts, agreements, and grants. Management is also responsible for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts, and grant agreements, or abuse that we report. You are responsible for identifying all federal awards received and understanding and complying with the compliance requirements and for the preparation of the schedule of expenditures of federal awards (including notes and noncash assistance received) in conformity with the Uniform Guidance. You agree to include our report on the schedule of expenditures of federal awards in any document that contains, and indicates that we have reported on, the schedule of expenditures of federal awards. You also agree to include the audited financial statements with any presentation of the schedule of expenditures of federal awards that includes our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the schedule of expenditures of federal awards in accordance with the Uniform Guidance; (2) you believe the schedule of expenditures of federal awards, including its form and content, is stated fairly in accordance with the Uniform Guidance; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the schedule of expenditures of federal awards.

You are also responsible for the preparation of the other supplementary information, which we have been engaged to report on, in conformity with U.S. generally accepted accounting principles. You will be obligated to compensate us for all time expended, for any costs associated with collection due to non-payment, and to reimburse us for all out-of-pocket expenditures through the date of termination.

We may provide these documents to you through our secure web portal or directly through an email attachment and will make every effort to use passwords and e-mail addresses appropriately to prevent the information from being intercepted.

If any dispute arises among the parties hereto, the parties agree first to try in good faith to settle the dispute by mediation administered by the American Arbitration Association (or other association) under its Rules for Professional Accounting and Related Services Disputes before resorting to litigation. The costs of any mediation proceeding shall be shared equally by all parties.

Client and accountant both agree that any dispute over fees charged by the accountant to the client will be submitted for resolution by arbitration in accordance with the Rules for Professional Accounting and Related Services Disputes of the American Arbitration Association (or other association). Such arbitration shall be binding and final. In agreeing to arbitration, we both acknowledge that, in the event of a dispute over fees charged by the accountant, each of us is giving up the right to have the dispute decided in a court of law before a judge or jury and instead we are accepting the use of arbitration for resolution.

Our audit report is being prepared for your management use. Should you wish to publish the report, you must obtain our written permission, as we have a professional duty to review any documents in which the report is incorporated.

Our 2015 peer review report accompanies this letter.

To:Board of TrusteesFrom:Karl GnadtDate:May 30, 2018Subject:Developmental Service Center (DSC) Contract

- A. Introduction: It is a priority of the District to transport people who have mobility limitations. The provisions of the Americans with Disability Act (ADA) require that MTD insure service to individuals with mobility limitations and disabilities within the service area. Cooperative efforts between MTD and DSC to develop and expand the existing DSC bus service for their clients promotes efficient service, conserves capital investment and energy and assists both parties in achieving their goals of meeting the transportation needs of these persons with mobility limitations and disabilities.
- **B. Recommended Action**: Staff recommends that the Board authorize the Chair to execute the contract between MTD and DSC.
- **C. Prior Trustee Action:** The Board annually approves the contract term from July 1st to June 30th.
- **D.** Summary: MTD is able to use Downstate Operating funds to pay for 65% of the total DSC transportation cost. The remaining 35% is paid by DSC. The District would be required to provide this service if DSC discontinued it.

CONTRACT BETWEEN DEVELOPMENTAL SERVICES CENTER AND THE CHAMPAIGN-URBANA MASS TRANSIT DISTRICT

This contract, effective this 1st day of July 2019, is made by and between the Developmental Services Center, a not-for-profit corporation of the State of Illinois ("DSC"), and the Champaign-Urbana Mass Transit District ("MTD").

WHEREAS, the MTD is a local mass transit district created under the authority of the Local Mass Transit District Act (70 ILCS 3610/3) to serve the mass transportation needs of the Urbana and Champaign communities; and

WHEREAS, although it has been a long-term priority of the MTD to serve persons who are mobility-limited, the provisions of the Americans with Disabilities Act now require that the MTD insure service to mobility-limited disabled persons is available in its entire service area; and

WHEREAS, DSC has in place, a program under which it provides bus services to mobility-limited disabled clients of DSC; and

WHEREAS, both parties believe that additional cooperative efforts between the MTD and DSC in further developing and expanding the existing DSC bus service for mobility-limited disabled clients would promote efficient service, conserve capital investment and energy, and assist both parties in achieving their goals of meeting the transportation needs of the mobility-limited disabled persons; and

WHEREAS, it is the purpose of this Agreement to partially discharge the requirements of the MTD under the ADA to serve the needs of all mobility-limited disabled persons in the Urbana and Champaign communities by providing a capacity grant to DSC to partially offset the cost of routes and schedules set forth below;

NOW THEREFORE, the parties hereto, in consideration of the promises and covenants between them hereinafter made and entered into, mutually agree, according to the following terms and conditions set forth, as follows:

1. DSC will provide regular bus service for disabled mobility-limited persons over routes established by the MTD. At the time of the execution of this contract, the routes and schedules are set forth in attached "1" hereto, and such routes and schedules are hereby approved by the MTD. The routes and schedules, however, are subject to revision by the MTD and DSC provided that the proper consultation takes place between both parties.

2. The MTD shall pay DSC an annual amount of \$492,063.00 for the services provided by DSC under the terms of this Agreement upon invoice submitted to the MTD, 1101

East University Avenue, Urbana, Illinois, payable in 12 equal installments on the 1st of each month commencing on the 1st day of July, 2019.

3. DSC will pay over to the MTD on the 10th day of the month following the month in which fares collected, if any, the full amount of fares collected from all persons utilizing the services provided by DSC under this Agreement, plus any amount necessary to bring such payment up to 1/12 of the guaranteed of DSC to the MTD of fares collected. The DSC guarantees to the MTD payments under this paragraph annually shall amount to \$172,222.00. The DSC guaranteed annual payment will be adjusted according to the rate of reimbursement that the MTD receives from the State of Illinois.

4. DSC will provide to the MTD a monthly ridership/usage report by the 15th of the month following the month reported on. DSC will also supply to the MTD, as required, any other relevant information requested by the MTD regarding ridership and other operating data.

The MTD shall not have any control or supervision over the drivers of the buses used in said service. The drivers shall be employed by DSC and shall constitute DSC's employees only and shall not constitute agents or employees of the MTD and shall be subject solely to DSC's supervision and control.

7. DSC agrees to continue to maintain in force insurance with the following minimum coverage:

General Liability, \$1,000,000 per occurrence, \$2,000,000 Aggregate; Automobile, Comprehensive and Collision; Automobile Liability, \$1,000,000; Umbrella Liability, \$1,000,000 per occurrence, \$1,000,000 Aggregate; Worker's Compensation, \$100,000 per accident.

9. The parties each recognize that in the performance of this Agreement they may encounter unforeseen obstacles and difficulties that would make continuation under this Agreement difficult or impossible and it may thus be best to terminate this Agreement if the parties cannot agree on the necessary amendments to accommodate the problem. Thus, if

either party finds that the imposition of regulations or requirements of any kind or nature by the federal, state or local governments make the contractual relationship under this Agreement more expensive or difficult than it is worth, or if a disagreement arises regarding the correct interpretation or application of this Agreement and such dispute is not resolved to the mutual satisfaction of the parties, either party can terminate this Agreement by serving written notice on the other party, to be effective on the last day of the month following the month in which such notice is served. If this Agreement is terminated pursuant to this paragraph, the financial obligation of the parties to each other will be settled according to equitable principles of accounting.

- C. Prior Trustee Action MTD has had annual agreements with Unit 4 since 1977.
- **D.** Advantages/Disadvantages Having Middle School and High School students use public transportation to get to and from school is the best way to educate them on the use of public transit. This is a critical life skill that these students gain that benefits them, their families, and the communities that they end up living in.
- **E. Summary** MTD is able to use Downstate Operating funds to pay for 65% of the total Unit 4 transportation cost. The remaining 35% will be paid by Unit 4. To:Board of TrusteesFrom:Jane Sullivan, Grant Manager/Sustainability PlannerDate:May 30, 2018Subject:Approval of Hydrogen Fuel Cell Project Design & Engineering Services Contract

- A. Introduction The District is purchasing two 60-foot hydrogen fuel cell buses and making necessary facility and property modifications. Professional design and engineering services from Fiedler Group will help the District to complete this project successfully. See *Overview of Project Activities* (attached) for more information.
- **B.** Recommended Action: Staff recommends authorization of the Managing Director to enter into a contract with Fiedler Group, in an amount <u>not to exceed</u> \$436,900.
- **C. Prior Trustee Action:** On March 28, 2018 the Board authorized the Managing Director to enter into a contract with the Center of Transportation and the Environment (CTE) for technical assistance for the hydrogen fuel cell project.
- **D. Summary:** Fiedler Group will develop the specifications for the modifications to the Maintenance Facility to comply with the requirements associated with servicing and storing hydrogen fueled vehicles.
- **E. Background:** In September 2017 the District was awarded \$1.45 million for the purchase of two hydrogen fuel cell buses and associated infrastructure through the Federal Transit Administration's Low or No Emission Vehicle Program.

Fiedler is a full-service design and engineering firm that has worked with retail, municipal, transit, and fleet fueling customers for 60 years. Since 2004, Fiedler has completed the design and permitting of over 10 hydrogen fueling facilities and maintenance building modifications for OCTA, Southern California Edison, and Hyundai.

Because the District's grant application included partnership with Fiedler Group, the competitive selection process for the grant award satisfies the competitive procurement requirements. Therefore, the District does not need to solicit proposals for this work and FTA has already approved award to Fiedler Group.

- **F.** Alternatives advantages/disadvantages: Authorizing the Managing Director to enter into a contract with Fiedler Group allows the District to carry out the Hydrogen Fuel Cell bus project successfully.
- **G.** Budget & Staffing Impacts: Funding sources for contract with Fiedler Group and contract with CTE, approved March 2018, are identified below.

Owner and Engineer further agree as follows:

1.01 Basic Agreement

A. Engineer shall provide, or cause to be provided, the services set forth in this Agreement, and Owner shall pay Engineer for such Services as set forth in Paragraph 9.01.

2.01 Payment Procedures

A. *Preparation of Invoices*. Engineer will prepare a monthly invoice in accordance with Engineer's standard invoicing practices and submit the invoice to Owner.

B. Payment of Invoices. Invoices are due and payable within 30 days of receipt. If Owner fails to make any payment due Engineer for services and expenses within 30 days after receipt of Engineer's invoice, the amounts due Engineer will be increased at the rate of 1.5% per month (or the maximum rate of interest permitted by law, if less) from said thirtieth day. In addition, Engineer may, without liability, after giving seven days written notice to Owner, suspend services under this Agreement until Engineer has been paid in full all amounts due for services, expenses, and other related charges. Payments will be credited first to interest and then to principal.

3.01 Additional Services

A. If authorized by Owner, or if required because of changes in the Project, Engineer shall furnish services in addition to those set forth above.

B. Owner shall pay Engineer for such additional services as follows: For additional services of Engineer's employees engaged directly on the Project an amount equal to the cumulative hours charged to the Project by each class of Engineer's employees times standard hourly rates for each applicable billing class; plus reimbursable expenses and Engineer's consultants' charges, if any.

4.01 Termination

A. The obligation to provide further services under this Agreement may be terminated:

Champaign Urbana Mass Transit

6.01 Successors, Assigns, and Beneficiaries

A. Owner and Engineer each is hereby bound and the partners, successors, executors, administrators, and legal representatives of Owner and Engineer (and to the extent permitted by paragraph 6.01.B the assigns of Owner and Engineer) are hereby bound to the other party to this Agreement and to the partners, successors, executors, administrators, and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements, and obligations of this Agreement.

B. Neither Owner nor Engineer may assign, sublet, or transfer any rights under or interest (including, but without limitation, moneys that are due or may become due) in this Agreement without the written consent of the other, except to the extent that any assignment, subletting, or transfer is mandated or restricted by law. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement.

7.01 General Considerations

A. The standard of care for all professional engineering and related services performed or furnished by Engineer under this Agreement will be the care and skill ordinarily used by members of the subject profession practicing under similar circumstances at the same time and in the same locality. Engineer makes no warranties, express or implied, under this Agreement or otherwise, in connection with Engineer's services. Engineer and its consultants may use or rely upon the design services of others, including, but not limited to, contractors, manufacturers, and suppliers.

B. Engineer shall not at any time supervise, direct, or have control over any contractor's work, nor shall Engineer have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by any contractor, for safety precautions and programs incident to a contractor's work progress, nor for any failure of any contractor to comply with laws and regulations applicable to contractor's work. C. Engineer neither guarantees the performance of any contractor nor assumes responsibility for any contractor's failure to furnish and perform its work in accordance with the contract between Owner and such contractor.

D. Engineer shall not be responsible for the acts or omissions of any contractor, subcontractor, or supplier, or of any contractor's agents or employees or any other persons (except Engineer's own employees) at the Project site or otherwise furnishing or performing any of construction work; or for any decision made on interpretations or clarifications of the construction contract given by Owner without consultation and advice of Engineer.

E. The general conditions for any construction contract documents prepared hereunder are to be the "Standard General Conditions of the Construction Contract as prepared by the Engineers Joint Contract Documents Committee (No. C-700, 2002 Edition).

F. All design documents prepared or furnished by Engineer are instruments of service, and Engineer retains an ownership and property interest (including the copyright and the right of reuse) in such documents, whether or not the Project is completed.

G. To the fullest extent permitted by law, Owner and Engineer (1) waive against each other, and the other's employees, officers, directors, agents, insurers, partners, and consultants, any and all claims for or entitlement to special, incidental, indirect, or consequential damages arising out of, resulting from, or in any way related to the Project, and (2) agree that Engineer's total liability to Owner under this Agreement shall be limited to \$50,000 or the total amount of compensation received by Engineer, whichever is greater.

H. The parties acknowledge that Engineer's scope of services does not include any services related to a Hazardous Environmental Condition (the presence of asbestos, PCBs, petroleum, hazardous substances or waste, and radioactive materials). If Engineer or any other party encounters a Hazardous Environmental Condition, Engineer may, at its option and without liability for consequential or any other damages, suspend performance of services on the portion of the Project affected thereby until Owner: (i) retains appropriate specialist consultants or contractors to identify and, as appropriate, abate, remediate, or remove the Hazardous Environmental Condition; and (ii) warrants that the Site is in full compliance with applicable Laws and Regulations.

8.01 Total Agreement

A. This Agreement (consisting of pages 1 to 4 inclusive together with any expressly incorporated appendix), constitutes the entire agreement between Owner and Engineer and supersedes all prior written or oral understandings. This Agreement may only be amended, supplemented, modified, or canceled by a duly executed written instrument.
