

CHAMPAIGN URBANA MASS TRANSIT DISTRICT

Compensation Report

For: 07/01/2014 - 06/30/2015

Illinois Law now requires employers that participate in the Illinois Municipal Retirement Fund (IMRF) to publicly post employee compensation information. The law sets some minimum standards for such disclosure and specifies that total compensation includes salary, health insurance, vehicle allowances, clothing allowances, vacations / sick days and other information. The Freedom of Information Act already requires that employers give the public access to this information; however, the new law [Public Act 097-0609 (5 ILCS 120/7.3)] adds the requirement for proactive public posting for the upcoming fiscal year.
