

ADA Paratransit Eligibility Application

For Office Use Only Date Received: Received By:

WHAT IS PARATRANSIT?

The Americans with Disabilities Act (ADA) is a federal law that guarantees people with disabilities full and equal access to the same services and accommodations available to people without disabilities. Under the ADA, public transportation that runs defined routes (fixed-route service) must be accessible to people with disabilities. When a passenger with a disability is not able to use the fixed-route system, the ADA mandates that transit systems provide complementary paratransit service.

For eligible riders that have a disability preventing them from making some or all their trips on fixed-route buses, MTD provides a shared ride, origin-to-destination service called paratransit. This service is available to any eligible passenger traveling within the MTD District boundaries or to locations up to three quarters (0.75) of a mile outside of these boundaries. Paratransit service must be reserved at least one day in advance. Each of the vehicles used for this service are equipped with a lift to assist mobility devices. Paratransit service operates during the same days and hours as fixed-route service.

WHO IS ELIGIBLE?

Eligibility decisions for ADA Paratransit are based on the applicant's functional ability to access and use fixed-route bus services. Each application is assessed on a case-by-case basis and is **not** a decision affected by medical diagnosis.

ADA Paratransit service is a "safety net" for persons with functional limitations that *prevent* them from using fixed-route service. As described in 49 CFR 37.123(e) of the United States Department of Transportation ADA regulations, eligibility is limited to certain categories of individuals:

- Any person with a disability who is unable to board, ride, or alight from an accessible vehicle without the assistance of another person (except for the bus operator);
- Any person with a disability who can utilize an accessible vehicle, but the route is not accessible, or the lift does not meet ADA standards;
- Any person with a disability who has a specific impairment-related condition that prevents the person from traveling to or from a boarding/alighting location.

The following examples **do not** automatically establish eligibility:

- The bus system does not meet your personal schedule; trips by bus take too long; buses do not serve destinations to which you travel;
- Lack of familiarity or experience with the bus system;
- Certification of a disability from SSI, SSA, or the VA;
- Living in an area not served by regular fixed-route service;
- Fear of riding fixed-route service;

- Use of the bus system may be more difficult or less comfortable.

APPLICATION PROCESS

Upon receipt of a **completed** ADA Paratransit Eligibility Application, an evaluation period of up to twenty-one (21) calendar days begins. During this period, it is MTD's responsibility to utilize the information provided by the applicant and medical professionals to determine whether they meet the criteria established in 49 CFR 37.123 (e) and are eligible for paratransit services.

If an incomplete application is received, a member of MTD's staff will reach out to the applicant for additional information or clarification.

If a determination has not been made after twenty-one (21) calendar days of receipt of a **completed** ADA Paratransit Eligibility Application, the applicant shall be treated as fully eligible for paratransit services until a determination has been made or the application is denied.

After a determination has been made, written notification of the applicant's eligibility status will be mailed to the address listed on their application.

Please return this application to:

DASH CARD

The DASH Card is available for seniors aged 65 and older and to riders with disabilities. This pass provides unlimited FREE access to MTD's accessible fixed-route service and access to the Half-Fare Cab program. The DASH Card is valid for three years and must be renewed upon expiration.

Seniors

Persons age 65 years of age and older may obtain a DASH Card by providing proof of age at Illinois Terminal. DASH Cards will be issued directly to eligible seniors upon verification of age.

Riders with Disabilities

Medicare Card holders and persons having difficulty using an MTD vehicle may qualify for a DASH Card as a rider with a disability. Applications for DASH Cards must be submitted at Illinois Terminal and must include a copy of a Medicare Card or certification from an MTD-authorized agency. Please contact ADA Customer Service at 217.384.8188 for a list of authorized agencies. DASH Cards will be mailed within ten days to the applicant upon approval and after a free photograph for the pass has been taken at Illinois Terminal.

Half Fare

Persons 65 years of age or older and Medicare Card holders who do not wish to obtain a DASH Card may ride fixed-route service for \$0.50, which is half fare, by showing valid proof of age or Medicare card.

APPEAL PROCESS

In the case that an applicant is not satisfied with the action taken on their application, they have the right to appeal that decision.

To request a hearing, write to:

**Champaign-Urbana Mass Transit District
c/o Special Services Manager
1101 E. University Ave.
Urbana, Illinois 61802**

Appeal requests must be made within 60 days of receipt of written notification of paratransit eligibility status. Please include all information that is pertinent to your case. Appeal decisions will be made within 30 days of the request and will be made in writing.

This section is to be completed by a Physician, Licensed Social Worker, or Rehabilitation Specialist:

The Americans with Disabilities Act of 1990 (ADA) requires that public transportation providers offer complementary transportation to those who are unable to access fixed-route services. Paratransit service is not available to all persons with disabilities, but rather is a safety net available to those who are unable to independently access, board, ride and alight from a fixed-route vehicle.

All MTD vehicles are equipped with accessibility features that allow passengers utilizing wheelchairs or other mobility aids to board and ride. As the applicant's care provider, you are uniquely qualified to provide verification of this person's ability to access fixed-route services. Please complete the questions below to assist us in determining the applicant's ability to utilize MTD's accessible fixed-route services.
