Maps & Schedules

2025-2026

Every Line a Link, Every Stop a Story

THE MAKING OF THIS YEAR'S COVER

The 2025-2026 cover of MTD's Maps & Schedules book is more than a handy guide - it's a celebration of connection, community, and the places that make Champaign-Urbana feel like home. This year, the cover was designed entirely in-house by MTD's creative team and brings to life a vibrant, collage-style landscape that blends transit with the spirit of the people we serve.

> We began with a guiding idea: "Every route, every line, every connection." This phrase became both our inspiration and our goal. Our transit system is a lifeline for tens of thousands each day, but it's also a thread that weaves together the fabric of this community. The final design embraces this concept fully; it's part transit

What you're seeing is a playful and layered "I-Spy" world where every bus route line becomes a pathway to discovery. MTD buses roll alongside wildlife, artwork, people, and landmarks, capturing the incredible variety of what you might see on a typical ride.

map, part neighborhood mural, part local love letter.

COMMUNITY

MTD is proud to be deeply rooted in the people and places of Champaign-Urbana. This year's cover features a wide range of local landmarks and moments that reflect our shared community identity. You'll find the Roger Ebert statue, seated with his iconic thumbs-up in downtown Champaign, paying tribute to the arts and culture legacy from him is Illinois Terminal, MTD's vital transportation hub and civic

You'll also spot everyday people: with bags, bicyclists, families, and friends. This human presence is central to who we are. Transit is not just about infrastructure, it's about real people and the meaningful lives unfolding along every route.

CAMPUS

Education and innovation are core to Champaign-Urbana's identity, and that spirit comes alive on the cover. The iconic Alma Mater statue stands tall, greeting generations of Illini and representing the University of

Illinois' legacy of learning and labor. Parkland College, too, is featured, reminding us of the critical role it plays in providing accessible,

high-quality education and workforce training for our region.

You'll even spot a copy of last year's Maps & Schedules book cover tucked into the design - a small wink to continuity, legacy, and the role this book plays in navigating academic life.

NATURE

Even as MTD connects busy people to bustling places, we never lose sight of the natural beauty that surrounds us. This cover celebrates the wildlife, green spaces, and artistic expressions that bring breadth and joy to our daily routes.

environment.

Keep your eyes open for a wide variety of flora and fauna: redbud trees, cardinals, butterflies, geese, deer, frogs, and even a curious groundhog; all of which you might actually see from your seat on the bus. These elements

> reflect the richness of our region's biodiversity. and the moments of calm and wonder tucked into our urban

The Wandell Sculpture Garden appears as well, adding a touch of creative whimsy to the natural theme. With its oversized, imaginative sculptures, this local treasure reminds us that art and nature often go hand-in-hand. Whether you're riding past a pocket park, prairie preserves, or a public art piece, MTD helps you experience the landscape in a way that's immersive and memorable.

This cover is a tribute to the many roles MTD plays in everyday life: mover, connector, supporter, neighbor. So, whether you're flipping through the book to plan your day

or taking a longer look at the cover's details, we invite you to explore. How many places can you identify? How many community touchpoints do you recognize? What new details pop out

each time?

MTD is proud to serve a region as dynamic and diverse as Champaign-Urbana. This cover aims to reflect that pride - and to show just how many connections are made every single day when we move together.

Let's keep building connections.

We're glad you're here for the ride!

- 1 Route Identification: Find the route information at the top of each page. The route number will be listed first, followed by name, then day type. Route numbers change depending on the day type or time. For example, the 1 Yellow is the Weekday Daytime route and the 100 Yellow is the Evening and Weekend route.
- **2 Direction of Travel**: Identify the direction of travel to your destination.
- 3 **Timepoints**: Locate the timepoint closest to your desired boarding point and estimate the required travel time from that point to your destination. Or, simply let our Trip Planner calculate it for you (page 11).
- 4 Read down the column under your chosen timepoint until you find a suitable departure time for your trip.
- (5) Read across the row to find out when your bus is scheduled to depart other locations along the route and when your estimated arrival time at your destination will be.
- **Timepoint icons**: Popular stops are identified as timepoints on maps and schedules by a letter in a color-coded circle. View the route map and choose your desired timepoint. Buses will not leave a timepoint earlier than the scheduled time.
- 2 Each stop is identified by a stop code using four digits (e.g. 6514). This code allows you to track that stop's incoming buses in real-time using the search tool on our homepage (mtd.org) or our Text-My-Stop service. To receive SMS updates for bus departure times, text your stop code to 35890 (page 11).
- 8 Footnotes: Letters and symbols on the schedule indicate that the route deviates from the regular schedule or service path at the indicated time. Each letter/symbol corresponds to a footnote beneath the schedule. School Trip footnotes are listed at the end of the Weekday Daytime section of the book. Be certain to read the footnote if you are planning to travel at this time!
- 9 End of Route: The ♦ symbol means that the route ends at this time. The route may continue operating as Evening or Late Night service, but be sure to reference the Evening/Late Night schedule and map as the routing and timetable may change.

Partnership with Transit App

MTD was proud to successfully stabilize our workforce numbers and complete the final phase of service restoration in the previous service year! Restored, pre-pandemic frequencies and service levels provided increased mobility options for our customers, and our ridership responded in kind. MTD's FY2019 ridership, July 1, 2019 - June 30 2020, was 11.6 million. With full service levels back on the streets of C-U, MTD provided over 11.4 million rides in FY2025.

To further invest in our suite of passenger tools and amenities, MTD became an official partner of the Transit app. Launching in January 2025, customers who download the app find a robust suite of premium tools at no cost.

TOKEN TRANSIT

Purchase and display your virtual bus pass without leaving the app! Token Transit is integrated into Transit, making digital fares easier than ever.

Routing in North Champaign

At the request of Market Place Mall property owners, MTD will no longer provide fixed-route service to the Mall effective Sunday, August 10, 2025. Having this access prohibited has, however, given MTD the opportunity to provide the community with additional, improved service to both Champaign Walmart and Urbana Meijer, the Department of Human Services Office and C-U Public Health District, as well as the Ashland Park Subdivision in Champaign and the Southridge and Myra Ridge Subdivisions in Urbana.

There will be ten diversions during the weekday daytime on the 1 Yellow that will take passengers

north of Marketview on Market Street to serve Market & Wilbur and Mercury and Apollo Drives (FedEx, SuperValu, etc.).

Because our access to Market Place has been removed, passengers are encouraged to review the updated maps and schedules for the 1/100 Yellow and 2/20 Red routes across day types (see table of contents) and plan a new trip using our online tools, calling 217.384.8188, or visiting the Customer Service Center at MTD's Illinois Terminal. MTD's ADA Paratransit service, MTD Access, will continue service to the property.

MTD helps our community thrive by offering individuals, organizations, and municipalities what they need to get to what matters. With 118 buses running on 21 fixed-service routes, we provide reliable transportation to over 2,000 stops across our community!

Whether it's getting you across town to work, improving mobility, helping downtown thrive, or strengthening the connections between the University of Illinois and surrounding communities, MTD is here when you need us.

Fixed-Route Buses

Fixed-route service is what most people call, "bus service." MTD buses that you see driving defined routes all over our community every day are what we refer to as fixed-route service.

MTD CONNECT

MTD Connect

SAFERIDES CONNECT

SafeRides Connect uses ondemand vans to provide safe transportation within the

designated SafeRides boundaries (page 93) to those traveling alone after dark when bus service is unavailable nearby. You can request a trip in the MTD Connect app (powered by Via).

WEST CONNECT

West Connect serves riders within a defined area of Southwest Champaign (page 67) to help our customers connect to fixed-route service using ondemand vans.

from outlying areas, such as Rantoul, to MTD's fixed-route system without duplicating our service. Learn more at **c-carts.com**.

Multimodel & Intercity Transit

Illinois Terminal is a true multimodal facility, featuring connections to local bus routes, rural transit services, intercity buses, taxis, and trains. In

addition to MTD services, Illinois Terminal is a hub for Amtrak, Burlington Trailways, C-CARTS, Danville Mass Transit, Greyhound, FlixBus and Peoria Charter. It is also home to CityView Banquet & Meeting Center as well as commercial and public sector tenants. See page 16 for more information.

280 tranSPORT

The 280 tranSPORT is a gameday shuttle to and from Illini Football home games that alleviates traffic and parking congestion. This service is open to members of the public. See page 128.

Local Middle & High Schools

MTD is proud to provide public transportation services for Champaign-Urbana's public middle and high school students. By partnering with MTD, our local schools save approximately \$1.4 million annually on transportation costs, which allows more funds for student programs and classrooms.

University of Illinois

MTD has an agreement with the University of Illinois to provide unlimited access to bus service throughout campus and into the community. This agreement allows students, staff, & faculty to use a valid University ID card (i-card) to serve as an MTD bus pass for any route at any time. An i-card is also valid for SafeRides Connect service.

\$1 Cash or \$3 for 6 Tokens

K-12 students are eligible for student tokens, which are only sold in packs of six for \$3. Tokens may be purchased three ways: from an Operator prior to 7:00 PM, during normal business hours at Illinois Terminal, or electronically via Token Transit. School tokens are accepted at all times and one token is valid student fare for a standard one-way trip. Individuals using school tokens may be required to prove eligibility.

Older Adults & Medicare Card Holders

Free / Reduced

MTD's DASH Pass allows adults over 65 to ride our fixed-route service for free. See page 6 for information about obtaining a DASH Pass. Those who do not wish to obtain a DASH Pass may ride for \$0.50, which is half fare, but must have a valid Medicare Card to show the Operator.

University of Illinois Students, Staff, & Faculty

Covered with Valid i-card

UI students, faculty, and staff may use a valid i-card as a bus pass or use their virtual pass in the Illinois app. i-cards do not need to be shown at iStop locations (page 14). UI Visitor's Passes and temporary employee IDs are not valid for a fare-free ride.

Middle & High School Students Free with Special ID from Participating Schools

Eligible students, as determined by their school district, may ride MTD to and from school at no charge. The students' school identification cards include markings to verify eligibility. See page 10 for details.

Token Transit Electronic Fare Payment

ACCESS

Download the free Token Transit app. You can text "TOKEN" to 41411 for a link to download, or find it in your device's app store.

PURCHASE

Select Champaign-Urbana Mass Transit District (MTD) as your transit agency and follow the prompts to make your purchase using a credit or debit card. Cash or personal check may be applied at Illinois Terminal.

ACTIVATE

When you're ready to ride, tap your pass stored in the app to activate it. Once activated, a one-ride fare or student fare expires after ten minutes and can no longer be used.

A Monthly Pass is valid for 30 days from the activation date. An Annual Pass is valid for 365 days from the activation date. You can buy a Monthly or Annual Pass with Token Transit in advance, just wait to activate it.

As you board the bus, show the Operator your digital ticket on your smartphone. The pass design changes daily for unique validation. If you are traveling with others, and have purchased and activated multiple fares or passes on a single phone, show the first activated pass to the Operator, which will note how many passes are currently activated.

Wait until you see your bus to activate a single-use pass; it will expire after ten minutes.

Get Upgrades For Riding When You Use Token Transit

Fare capping provides riders with an upgrade to a Monthly or Annual Pass after they pay the equivalent amount in individual, single ride fares in either the 30-day period or 365-day period from which they first activated a single fare. This provides an equitable solution for riders who are unable to purchase a pass up-front or may not know how often they will ride. Fare capping only applies to consecutively activated passes used by one person.

For example, in a 30-day period, if an individual rider activates \$2 in single fares for themselves per day for ten days, they will reach a "cap" of \$20, and their account will be upgraded to a Monthly pass for the remainder of the 30-day period, back-dated to the activation of their first single ride fare. When three Monthly Passes, or a \$60 "cap" has been purchased in individual fares, the account will be upgraded to an Annual Pass for the remainder of the 365-day period. Fare capping applies to purchases made in the Token Transit app and in Transit app. Individuals will accumulate credit toward the cap for their own single-ride and monthly passes.

Trying new things can feel scary or overwhelming, but riding the bus doesn't have to be. We've outlined a few easy steps to guide you. Our website (**mtd.org/riding**) has great resources, too.

Step 1 - Plan Your Trip

The most basic part of riding a bus is also the most important; you need to know where you're going and how to get there. Using our Trip Planner on **mtd.org**, you can let us do the work for you.

If you would like to plan a trip yourself, first determine when you are traveling and view the system map for that daytype and time (Weekday Daytime Map, page 17; Weekday Evening Map, page

73; Saturday Map, page 95; Sunday Map, page 131). Routing varies by time and daytype; service may change paths and/or frequencies from Daytime to Evening, and Weekday to Weekend. Use the map that's right for your travel period to find which routes serve your starting location and which routes serve your destination. From there, you can use the corresponding schedules to plan a trip.

If there are no direct routes between your locations, you may need to plan for a transfer (one is included free with your single ride fare, see page 13). Our Customer Service team is available at 217.384.8188 any time buses are in service.

Step 2 - Be Ready

It is important to remember that bus schedules list estimated departure times, not necessarily when the bus will arrive. Traffic and other factors impact travel time so there will likely be some variability. You can

track incoming buses in real time by using one of our passenger tools (see page 11). Plan to be at the stop waiting at least five minutes before the estimated departure time to give yourself enough time to watch for and signal the bus. Please have your fare ready to expedite the boarding process and keep the bus on schedule.

If you see a bus approaching, look at the destination sign above the windshield to identify the route. When you see your bus, make sure the Operator also sees you; wave to the Operator so they know you wish to board their bus. With over 2,000 stops in our system, our buses do not automatically stop at each bus stop unless a passenger signals them to do so - be sure to wave! Be ready with your fare and be waiting at the stop when you signal the bus. If, for example, you are across the street or running down the sidewalk, the Operator might not see you or may not be able to stop abruptly.

Step 3 - Board

Board at any location where a bus stop sign is found. See page 14 for detailed information about bus stops.

Please leave room to allow passengers to exit the bus and/ or for the ramp to be extended before you board. While passengers are always encouraged

to exit through the rear door to speed boarding for others, some may instead exit through the front, especially those with limited mobility.

If you have difficulty stepping on to the bus, ask the Operator to lower the bus. You may also request that the ramp be deployed. Please note the Operator does not automatically lower the bus or deploy the ramp but is happy to do so upon request.

Step 4 - Pay

When boarding, please have your fare ready (page 7). You can pay at the farebox with exact cash, show a valid bus pass or participating school ID, or activate your Token Transit (page 8) fare

just prior to boarding. Operators can make change up to \$5 prior to 7:00 PM. Having the exact fare ready speeds boarding and helps others receive on-time service.

Step 5 - (OPTIONAL) Request a Transfer

If you need to make a transfer during your trip, you will need to tell the Operator immediately upon boarding your first bus. The Operator can relay the transfer request to your connecting bus and the next bus will wait for you for up to two minutes at your

communicated transfer point. To learn more about the transfer process, visit page 13.

Learn to Ride / Hoppers

Step 6 - Enjoy The Ride

Sit when you can, but if you are unable to find a seat, be sure to hold on to the support poles or straps. Stand at the front only if the bus is full. You must stand behind the white floor line, just behind the Operator.

Seating at the front of the bus is prioritized for passengers who are older adults, disabled, pregnant, or who have difficulty standing. The front area provides access to the wheelchair securements and is accessible for mobility aids and strollers. See page 2 for Rules of Conduct when riding the bus.

Step 7 - Signal Your Stop

Approximately one block before your stop, pull the yellow cord by the window or push the red "stop" button on vertical poles to ring the stop request bell and illuminate the "stop requested" light at the front of the bus. The Operator will stop at the next designated stop.

Step 8 - Exit

When the bus arrives at your stop, make sure you have all of your personal belongings and exit at a rear door. When the green light above the door is illuminated, the rear door can be activated by touching the silver

handles (on some buses, the rear doors have a touch-free sensor). Use the front door only if you need the Operator to lower the bus or extend the ramp, or if you need to retrieve your bicycle.

Step 9 - Stay Safe

After exiting, please wait for the bus to pull away before you cross the street so that you can clearly see traffic from both directions and oncoming traffic can see you, too. Never walk in front of the bus unless you are at a designated cross walk and the bus has stopped.

Hoppers

High-frequency Hoppers connect busy hubs in Champaign, Urbana, and Campus. Hoppers overlap with regular routes between the busiest hubs in our transit district and sometimes deviate at the end of routes. This improves service frequency where travel demand is highest and allows us to serve more places in our community. There is little need to reference a timetable with this super high-frequency service.

MTD has four routes which include Hopper service: **1 Yellow, 5/50 Green, 6 Orange, and 10 Gold.** The term Hopper added to a route name indicates that the buses operating on these routes do not travel the entire length of their parent route from end-to-end.

On a route map, the regular route is shown as a solid color and the Hopper portion of the route is highlighted with a striped line. Incoming buses will add the word Hopper to their headsigns if they are limited to the Hopper portion of a route.

Plan a Trip

TRIP PLANNER

To plan your trip on mtd.org, you only need two things – a starting point and an ending point. Our website has Google built right in, so there's no need to know an exact address or bus stop. Just type in a street address, an intersection, a business name, or a nearby landmark, and our Trip Planner will do the rest. You can also see a map of your chosen trip.

APPS

MTD is an official Transit app partner, which means more resources are available to our passengers. Find Transit in your device's app store to get started!

MTD has an open API for third party developers to create apps using our data. There are lots of great apps out there! Visit ride.mtd.org/apps to see a few.

MAPS & SCHEDULES

Want to plan your own trip? In addition to this book, the Routes section on **mtd.org** has details about all of MTD's routes, including maps and schedules.

If you're having trouble and would like assistance planning a trip, our Customer Service team is always happy to help! Give us a call at 217.384.8188 (Illinois Relay: 7-1-1).

Track Your Bus in Real-Time

Traffic delays may be out of our control, but MTD's real-time information system communicates with our GPS-equipped vehicles so you can receive up-to-the minute updates on your bus's estimated departure time. Tracking data updates every 15 to 30 seconds.

You can access real-time tracking several ways: the Bus Stop Info tool on **mtd.org**, at passenger information kiosks, with our Text-My-Stop service, or using an app like Transit or Google Maps.

TEXT-MY-STOP SMS SERVICE

To get real-time departure information sent directly to your phone, you should first find your bus stop's four-digit stop code.

These codes are found on a bus stop sign, on a bus shelter, on a schedule, or using the Bus Stop Info tool on mtd.org. Then, text the four-digit stop code (e.g. 2746) to 35890.

You will receive a text back within seconds containing real-time departure estimates for incoming buses serving your stop. Estimates may

change, so text back to confirm updated calculations as you prepare for your trip.

visit mtd.org/stop/2746

BUS STOP QR CODES

Some locations may also have a QR code on the stop's sign or shelter board. If you scan this code with your phone's camera, it will take you directly to that bus stop's information page on our website, which includes a map, real-time departures, and a list of routes serving that stop. Refresh the bus stop's info page often for updated departure estimates.

If the stop you're at does not have a QR code, you

can easily access the bus stop info page by following the instructions on page 12.

Passenger Tools / Stay Informed

Passenger Information Kiosks

Many of MTD's busiest bus stops have information kiosks to provide real-time updates about that stop's upcoming departures. Passengers are also provided information about boarding points, whether they are at an iStop, and more

Bus Stop Info

The Bus Stop Info Tool on **mtd.org** is the best place to get real-time departure information. On the homepage, just enter your location or tap the "nearby" icon.

On the Bus Stop Info page, you'll find everything you need to know about a stop. In addition to tracking upcoming departures in real-time, you will find a map of boarding points, the stop code for Text-My-Stop, and a list of routes that serve your stop.

Transfers 217.384.8188

Standard Transfers

When your trip requires more than one bus to reach your destination, MTD will make an effort to help you complete transfers without significantly delaying service for others. As such, the connecting bus cannot wait longer than two minutes in order to avoid affecting other passengers' trips. If the transfer timing is very close, please consider taking an earlier trip to give yourself enough time to make the connection. A formal transfer can only be requested for intersecting points along the desired routes.

TRANSFER REQUESTS FOR PASS HOLDERS

If your trip requires a transfer and you are an MTD Pass or i-card holder, you do not need a paper transfer slip; however, if your transfer is time-sensitive, you should let your Operator know you have a transfer request so they can signal your connecting bus to wait.

TRANSFER SLIPS FOR ONE-WAY RIDES

If you paid a fare for a single ride and need to transfer to complete your trip, please request one immediately upon boarding. The Operator will give you a transfer slip and signal your connecting bus to wait. Your \$1 fare includes one free transfer, which must be used within an hour on the next bus serving your desired connecting route. A transfer slip cannot be applied as a round-trip and must travel in the same general direction. In the event of misunderstandings, please pay a fare and contact MTD for refund consideration.

Universal Transfers

Universal Transfers are provided on weekdays at Illinois Terminal at 6:35 AM, 7:40 AM, and 11:11 PM. There is also a 7:40 AM guaranteed transfer at Lincoln Square. At Illinois Terminal, routes stop as shown below. At Lincoln Square, routes use ordinary stops. MTD guarantees that passengers will be able to make their transfer at these designated universal transfer points and times. It is not necessary to ask your Operator to call ahead to hold a bus for you when using a universal transfer. (*Please note that the particular order of buses shown on each platform below may change on a daily basis.*)

Bus Stops

STANDARD STOPS

MTD will only board and alight passengers at designated bus stops, which will be identified by a bus stop sign or MTD bus shelter.

Bus stop signs include the stop name, the route(s) that serve the stop, and the stop code for accessing real-time departure times through **mtd.org**, apps, and Text-My-Stop (see page 11).

ISTOPS

iStops improve efficiency for all routes at busy campus stops. When boarding at an iStop, it is unnecessary to pay a fare or show a pass or ID. Just get on and go!

An iStop is identified by an orange bus stop sign, an iStop decal on shelter signage, and on route maps with an orange stripe.

iStop Zone

Remember: On your return trip, if you board at a stop outside of the iStop zone, you will need to pay a fare or show your pass or i-card.

Always have your pass, i-card, cash, Token Transit app, or token ready for your return trip! All MTD vehicles are equipped with bike racks that can accommodate up to two standard-sized bicycles each. Cyclists are responsible for their own bicycle and all actions, injuries, losses and/or damages related to their bicycle on MTD vehicles.

- Bikes ride FREE when accompanied by a farepaying passenger.
- No special permit or documentation required.
- Those under age 13 must be accompanied by an adult to use bike racks.
- Before the bus arrives, remove anything that may fall off the bike.
- If the bike rack already has two bikes loaded, please wait for the next available bus.
- Folding bikes are the only bikes allowed on the bus.
 They must be folded prior to boarding and may not block the aisle/doors or seats.
- For their safety, Operators cannot leave the bus to assist with a bike.

WHAT'S NOT ALLOWED

- Tandem bikes
- Tricycles/small kid's bikes
- Long base recumbents
- Bikes with a wheelbase larger than 44 inches
- Bikes with training wheels
- Motorized or electric bikes
- Bikes with equipment that obstructs the Operator's view
- Most rental bikes (as per their rental agreements)

Loading a Bike

- For your safety, load from the curb side.
- Avoid approaching the bus from the Operator's side (street side) when loading your bike.
- Load your bike as quickly as possible to ensure that fellow passengers reach their destinations on time.

Lower the bike rack located in front of the bus. Grasp the handle, squeeze, and pull toward you until the rack is completely lowered.

Lift your bike into the wheel well. If yours is the first or only bike, put it in the position nearest the bus; handlebars facing the curb.

Swing the support arm up and over the front tire of the bike. A strong spring pulls the arm down onto the tire and secures the bike.

4 Board the bus and sit as close to the front as possible to keep your bike in view.

Unloading a Bike

- **5** Let the Operator know you will be removing your bike from the rack and exit the front door.
- 6 Always unload your bike from the curb side.

Raise the support arm off the tire.

Lift your bike out of the rack.

If there are no other bikes, return the rack to its upright position.

10 Finally, move quickly away from the bus to the curb and let the Operator know it is safe to leave.

Changes to 2 & 20 Red

Beginning August 10, 2025, MTD no longer services Market Place Mall property. The 2 and 20 Red routes have been adapted to better serve this area in the following ways:

- Routing changes in northern Champaign on both the 2 and 20 Red.
- Market Place Mall timepoint has moved to the intersection of Neil & Center.
- Regular service to Ashland Park subdivision in northern Champaign and Myra Ridge subdivision in southeast Urbana on every 2 Red trip.
- In southeast Urbana, the 2 Red now operates on Marc Trail instead of Trails. The Trails & Philo timepoint has been moved to Marc Trail & Philo.
- Diversions to Mercury Dr and Apollo Dr previously served by the 2 Red will now be served by the 1 Yellow. See 1 Yellow Weekday Daytime schedule for diversion routing and timing.
- Removal of 2 Red Express trips.
- Consistent 30-minute frequency throughout Weekday Daytime and Saturday Daytime service.
- Champaign-Urbana Public Health District (C-UPHD) will be served on every 2 Red trip. C-UPHD will
 continue to be served on-demand only during 20 Red Saturday Daytime service.

WESTBOUND & HOPPER

Hoppers run frequently and operate along the central portion of their parent route. The striped area on this map designates the path of the Gold Hopper. The times highlighted and listed with an H footnote on the timetable are the Gold Hopper trips. To distinguish the Gold route from its shortened Gold Hopper route, look for the "Hopper" designation on the destination sign of an operating bus as shown below.

What is SafeRides Connect?

SafeRides Connect is an on-demand van service providing a safe ride for individuals (or small groups up to three people) traveling at night in areas of campus where standard bus service is unavailable. Trips must be within the designated SafeRides boundaries (see map on the next page). To ride, just present a valid i-card or pay a \$1 fare.

SafeRides operates during the University of Illinois (UI) Fall & Spring Semesters. During breaks (Fall, Winter, & Spring), SafeRides service is reduced. During UI Summer Break there is no SafeRides service.

Trip requests will be taken until 6AM during UI Fall & Spring semesters and 12AM over breaks. A service calendar is provided on the following page.

REQUEST A TRIP

SafeRides trips can be booked in the app, MTD Connect (by Via). When booking in the app, you can easily select your pickup and dropoff location and track the van's location.

Scan the QR code to download the app or find it in your device's app store. Trips may also be requested by calling MTD at 217.384.8188.

On-demand flexibility, right from your phone.

Set a pickup spot and tell us where you're going.

Track your arrival in real-time.

Restrictions

- Travels out of the service boundaries (see map)
- Includes more than three people
- Duplicates fixed-route bus service
- Is going to or from bars
- Acts as an emergency medical transport

What is SafeRides Connect?

SafeRides Connect is an on-demand van service providing a safe ride for individuals (or small groups up to three people) traveling at night in areas of campus where standard bus service is unavailable. Trips must be within the designated SafeRides boundaries (see map on the next page). To ride, just present a valid i-card or pay a \$1 fare.

Trip requests will be taken until 6AM during UI Fall & Spring semesters and 12AM over breaks. A service calendar is provided on the following page.

SafeRides trips can be booked in the app, MTD Connect (by Via). When booking in the app, you can easily select your pickup and dropoff location and track the van's location.

Scan the QR code to download the app or find it in your device's app store. Trips may also be requested by calling MTD at 217.384.8188.

What is SafeRides Connect?

SafeRides Connect is an on-demand van service providing a safe ride for individuals (or small groups up to three people) traveling at night in areas of campus where standard bus service is unavailable. Trips must be within the designated SafeRides boundaries (see map on the next page). To ride, just present a valid i-card or pay a \$1 fare.

SafeRides operates during the University of Illinois (UI) Fall & Spring Semesters. During breaks (Fall, Winter, & Spring), SafeRides service is reduced. During UI Summer Break there is no SafeRides service.

Trip requests will be taken until 6AM during UI Fall & Spring semesters and 12AM over breaks. A service calendar is provided on the following page.

REQUEST A TRIP

SafeRides trips can be booked in the app, MTD Connect (by Via). When booking in the app, you can easily select your pickup and dropoff location and track the van's location.

Scan the QR code to download the app or find it in your device's app store. Trips may also be requested by calling MTD at 217.384.8188.

On-demand flexibility, right from your phone.

Set a pickup spot and tell us where you're going.

Track your arrival in real-time.

Restrictions

A SafeRides request is not eligible and may be denied if the trip:

- Travels out of the service boundaries (see map)
- Includes more than three people
- Duplicates fixed-route bus service
- Is going to or from bars
- Acts as an emergency medical transport
